BCM Pound Projects update

Thank you, as always, for your contribution this month.

This month we provided food for 6 very poor families and the facility for clean drinking water to a local community.

Food parcels: Jammu Kashmir

Jammu Kashmir has seen decades of violence resulting in a humanitarian crisis often ignored by the international community. Thousands of families, widows and orphans struggle on a daily basis and are in need of support and aid. The ongoing conflict between Pakistan and India has taken its toll mainly on innocent civilians who struggle to buy or indeed grow food. This month we contributed towards food parcels for 6 families for a whole month of food to help families who cannot provide for themselves.

Water tank: Gaza

The Gaza water crisis worsens every day. Currently, 90% of Gaza's main water supply is unfit for drinking and unsuitable even for agricultural use. The besieged territory's main water supply, the coastal aquifer, is over-pumped, and a crippling blockade on Gaza has exacerbated the problem. People are desperate for clean drinking water. So, this month we donated one water tank that holds clean drinking water for poor and needy families in Gaza. The tank holds 8000 litres of water and will provide clean drinking water for hundreds of people in the local community. It will be filled and left in an area for all the community to access by a charity that is working in the area. We have, to date, donated two water wells (Pakistan and Bangladesh) and endeavour to provide a third water well in the coming months to an area where people are in need of clean water. In Gaza our aim was to provide clean drinking water with any means that we can. Currently a water tank is a quicker method compared to a water well.

When you feed the poor,
consider that you feed
yourself. What we gave
is what shall receive

*"Those who spend money
in the night and in the
day, secretly and openly,
they will have their
reward with their Lord,
there is no fear over
them nor will they grieve"
{Quran 2:274}*

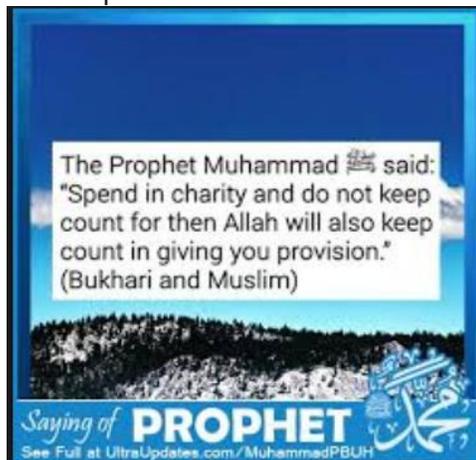

We can always do with more help to make more of a difference.

Update on previous projects: We are waiting to hear news about the progress of the two water wells that we have donated. The clothes that we sent for the refugees living in Ibb, Yemen, have now reached the country and are about 7 days away from being distributed to the people who need them.
