BCM Pound Projects update

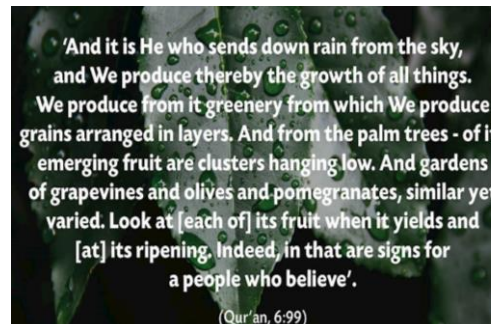

This month we wanted to complete a project that would be an act of sadaqah jariyah. In the past we have donated two tube wells to communities in Bangladesh and Pakistan. Tube wells serve a handful of families in a village location. This month we donated a community well, which is much bigger than a tube well and serves hundreds more people.

A staggering 844 million people live without access to clean water. That's roughly 1 in 10 people on earth, or about twice the population of the United States. Every 90 seconds a child dies from a water-related disease. Access to clean water can transform the lives of entire communities. The gift of a well can serve hundreds of people, providing access to clean water for drinking, washing and cooking, as well as keeping livestock hydrated. On average, community wells serve up to 35 families.

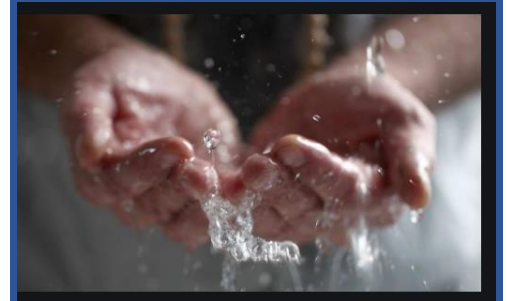

The wells draw water from up to 40 metres beneath the ground making them dependable during all seasons. The well will be situated in a communal place such as village centre, giving access to as many people as possible. We will receive a report and photograph of the donated well in a few months once the project is complete. As with the previous two wells, you will receive an update of the new well as soon as it has been dug.

Reasons to provide water:

- 1- It is the ultimate sadaqah jariyah
- 2- It brings us closer to Allah swt
- 3- Its saves lives
- 4- It is "the best charity"
- 5- It leads to forgiveness of sins
- 6- It earns us rewards from Allah swt

The Messenger of Allah (saw) said, 'Allah, the Exalted and Glorious, will say on the Day of Resurrection, "...O son of Adam, I asked you for something to drink but you did not give it to me". He will say, "O Lord, how can I give You something to drink when You are the Lord of the worlds?" He will say, "My servant so-and-so asked you to give him something to drink and you did not give it to him. Had you given it to him, you would have surely found that with Me"'.
