BCM Pound Projects update

This month was the 29th project that we have completed to help others in need, to provide charity or simply to carry out acts of kindness towards others.

It is reported that the Messenger of Allah, peace and blessings be upon him, said, "When the human being dies, his deeds end except for three: ongoing charity, beneficial knowledge, or a righteous child who prays for him." Şahīḥ Muslim 1631. So, this month we provided an ongoing charity and donated our fourth water well to a community that does not have access to clean water in Pakistan. It is a large community well that will provide all local families with water to drink, cook with and to wash with.

Allah (SWT) describes water as a gift from the heavens to support the sustenance of human life;

Without water the land would be barren, and all life would cease to exist.

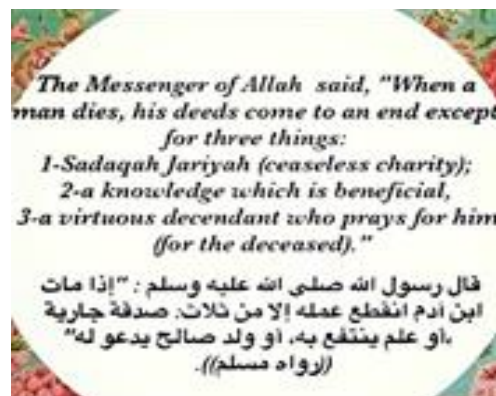

Almost one-fifth of the world's population, live in areas of water scarcity.

- In developing countries, 80% of illnesses are linked to poor water and sanitation conditions.
- Water-borne diseases kill more children under five than malaria, measles, & HIV/AIDS – combined.
- 3.4 million deaths a year from water diseases, making it leading cause of death in world

Insha'Allah not only have we helped people who are in need of clean water but also increased our good deeds that will continue to help us as sadaqah jariyah.

"And We have sent down blessed rain from the sky and made grow thereby gardens and grain from the harvest. And lofty palm trees having fruit arranged in layers. As provision for the servant and We have given life thereby to a dead land. Thus is the resurrection."
