BCM Pound Projects update

This month saw the 53rd project we have completed to help others in acts of kindness or charity. This month we were approached by an inner-city primary school to ask whether we would like to help them in their efforts to bring some comfort to some of their families who are currently struggling to cope or to afford basics. The cost of living crisis is causing families to cut their budgets – many of which were already small to begin with. In these difficult times some families who've never needed financial support before are desperate for it now. One small change can leave a family completely vulnerable; yet we are currently facing major changes with a rise in the cost of living, rising bills and an increase in inflation.

The school is kindly donating hampers to their disadvantaged families to ensure they have essentials and basics such as food, clothing for children, bedding, household items and toys; especially with the forthcoming school holidays when household costs will inevitably rise. Unfortunately, there are too many families that lack these basic items. We helped this month, on your behalf, and donated fourteen pyjama sets for children aged 7-11 years, as well as slippers, hats and glove sets. We hope our donation is enough to put a smile on a child's face. Thank you for your continued monthly support; without which such projects could not be completed.

A note to say that your money is not used as zakat but as lillah.
