

HELPING THE LESS FORTUNATE THROUGH ACTS
OF KINDNESS AND CHARITY

Charity projects

BCM Pound Projects update

This month saw project number 74 being completed. It's hard to believe that we have undertaken 74 projects to help others, to give charity or simply to carry out an act of kindness. This month, we were contacted by the grandmother of the two orphan girls that we regularly support in some way. She said they were finding it very difficult to fund every day essentials with the cost of living going up significantly. She asked for help to assist with purchasing some essentials. This was, of course, something we were very willing to help with. She provided a list of some essentials that that they were short including rice, milk, sugar, teabags, laundry powder and conditioner. We supplied all these with some treats also for the girls. They have never asked directly for help before; we were more than happy to help as we know that we should be happy when we find

ourselves in a position to help others, as Allah is answering that persons prayers through us. Images on the right of some of the items that were purchased.

Update:

This year we paid towards two water wells. We have had an update on the first water well, which has now been installed in a village in the District of Sialkot in Pakistan. An image of the well on the right with children from the village. This is part of a number of wells we have donated towards; the last being the project before this current project. An update on that well will follow when it has been installed.
